cGate - Your Direct Carrier Billing Platform

Unique DCB partnerships and technologies that make you stand out

cGate: Unique Direct Carrier Billing Partnership

MARKET POTENTIAL

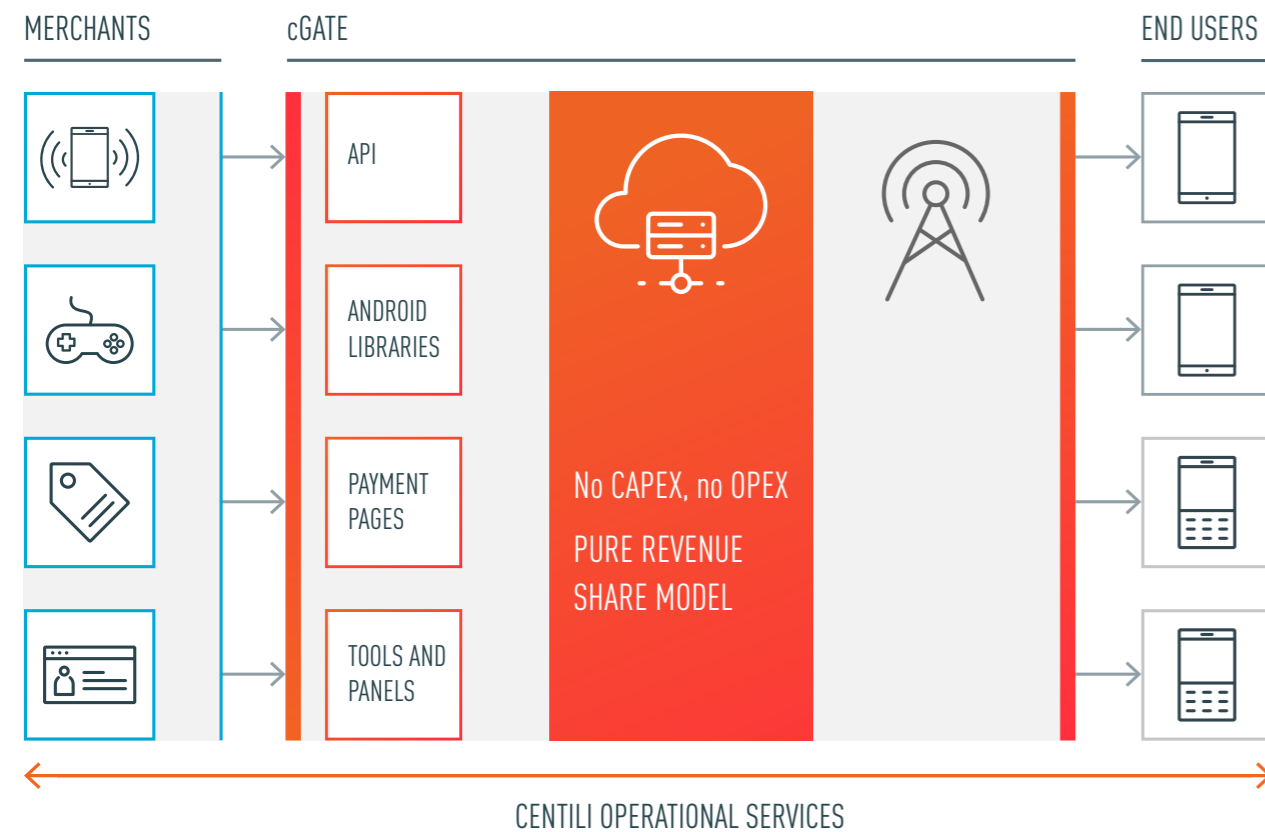

Carrier billing is a rapidly growing market, expected to be worth \$25 billion by 2020. Mobile network operators around the globe seek to tap into this lucrative opportunity. In recent years, quick and easy launch and operation of direct carrier billing has become possible in a technical and commercial partnership with mobile payments specialists.

CHALLENGE - INTRODUCING DCB TO A WIDER AUDIENCE

Direct carrier billing (DCB) is evolving and constantly expanding in scope. Content consumption is on the rise, pushing global digital content providers to look towards mobile network operators for different carrier billing options. With DCB expected to grow as a purchasing option for goods and services such as transport, ticketing, insurance, and IoT, Centili looks to enrich the ecosystem by bridging the gap with flexible payment technologies for MNOs.

cGATE - DIRECT CARRIER BILLING-AS-A-SERVICE

A complete technical and business package covering all dimensions of direct carrier billing. We provide, manage and upgrade the DCB platform, but also bring a dedicated sales force and specialized support teams necessary for sustainable growth.

cGate modular design

CONNECTIVITY

Centili securely connects to the operator's platform over API, existing services and protocols, boosting the existing infrastructure with premium DCB capabilities.

FRONT-END INTERFACING

Ready-made set of front-end tools.
For MNOs: Sales, Reporting and Support panels
For merchants: Partner Panel, Payment Page, Payment Libraries, Payment API
For end users: Customer care portal

PLATFORM MANAGEMENT

Monitoring, analyses and reporting give operators a fully transparent overview and control over the DCB platform:

- Payment flow control
- Revenue calculation per transaction
- Subscription management
- Charging limit control
- Refund management
- Blacklist management

OPERATIONAL SERVICES

Fully managing carrier billing operational services, Centili helps MNOs optimize and extend their resources throughout the partnership lifecycle.

- Merchant onboarding
- Second line support
- Consultancy and development
- Monitoring and quality assurance
- Account management
- Client acquisition

Benefits

- ➔ Faster time-to-market for new and existing services
- ➔ Global sales network bringing new merchant partners to the fold
- ➔ Secure platform capable of handling large transaction volumes
- ➔ Improved end user and merchant experience
- ➔ Quick settlement and refunding
- ➔ Efficient end user support
- ➔ Operative costs reduction (day-to-day assignments outsourced)
